

SOUNDSATION BM-630 with its exceptional flat housing is a professional boundary microphone which is specially designed to be incorporated in different conference projects as well as theatre stages. Due to a small and exquisite modeling the microphone can be hidden in the walls or tables. The

microphone applies a standard XLR connector and is powered by 9V-52V phantom in order to match all kind of audio equipment.

Specifications:

Element: Back Electret Condenser

Polar Pattern: Uni-directional

Frequency Response: 40Hz-16kHz

Sensitivity: -33dB±3dB (0dB=1V/Pa at 1kHz)

Output Impedance: 100Ω±30% (at 1kHz)

Bass Filter: 80Hz 10dB/octave

Operating Voltage : 9V-52V DC Phantom

Frequency response graph:

Usage:

1. If the head of the microphone is covered by hand or brought close to the speaker, a howling sound may be generated. To prevent this, first decrease the volume, then place the microphone so that it is not pointed to the speaker and that there is a sufficient distance between the microphone and speaker.
2. Due to the high sensitivity of the cartridge, do not drop it from high or apply strong shock to it.
3. To maintain the sensitivity and quality of sound reproducing, avoid exposing it to moisture and extreme temperatures.

Available finishing :

Black	BM630B
White	BM630W

Connecting and disconnecting the microphone

cable:

1. Insert the XLR connector into the microphone. If necessary, rotate the connector to align the key on the connector and the groove in the microphone. Push the connector into the microphone until it clicks.
2. To disconnect the cable and microphone, grasp the connector while depressing the tab. Pull the connector away from the microphone.

WARRANTY AND SERVICE

All SOUNDSATION products feature a limited two-year warranty. This two-year warranty is specific to the date of purchase as shown on your purchase receipt.

The following cases/components are not covered from the above warranty :

- Any accessories supplied with the product
- Improper use
- Fault due to wear and tear
- Any modification of the product effected by the user or a third party

SOUNDSATION shall satisfy the warranty obligations by remedying any material or manufacturing faults free of charge at SOUNDSATION's discretion either by repair or by exchanging individual parts or the entire appliance. Any defective parts removed from a product during the course of a warranty claim shall become the property of SOUNDSATION

While under warranty period, defective products may be returned to your local SOUNDSATION dealer together with original proof of purchase. To avoid any damages in transit, please use the original packaging if available. Alternatively you can send the product to SOUNDSATION SERVICE CENTER – Via Enzo Ferrari , 10 – 62017 Porto Recanati - Italy . In order to send a product to service center you need an RMA number. Shipping charges have to be covered by the owner of the product.
